Permission to travel to and from school unsupervised (before and after school only)

The Islamic College of Melbourne understands that sometimes it is a convenience for parents to allow their children to travel to school in the morning and travel back home afterschool without a parent/guardian present.

The college however, does not endorse this practice as there are many risks involved including crossing road, dealing with traffic and possible 'stranger danger.' The college believes and recommends that should children travel to school, they are to be accompanied by an adult.

Should you still wish to allow your child/ren to travel to and from school unsupervised, please complete the form below and return it to the administration office.

Kind regards,

Dr Abdul M. Kamareddine
College Principal
